Cotton Market Today.

Lant 9c to 9 3/4c. Seed, 2 to 2 7/8. Receipts, 50 bales.

COTTON LETTER.

Ardmore, Jan. 13.—The cotton market during the past week has been subjected to the most aggressive bear attacks of the season, but it has come through it in a manner that seems to be very plainly indicated in the inherent strength of the general cotton situation and future outlook.

The world's spindles have never been so busy as they have for the last six months, and manufacturers have never had such large orders for goods booked ahead as they still have. Even if the crop should turn out between 10,250,000 and 10,500,000 bales the supply and demand and situation from our study and view is such as we believe higher prices will prevail rather than otherwise, and we would therefore continue to adhere to a scalper's position on the bull side rather than follow the present bear movement.

The South as a whole was never better organized or more determined to market the balance of their crop sparingly. They know the crop is short and they believe they are entitled to receive higher prices for what they are carrying and it will require more than a bear advancement of organized Liverpool and New York speculators to make them change their present ideas.

Live Stock Market.

Stock Yards, Kansas City, Mo., Jan. 13.—(Special)—A better class of steers have been coming to the quarantine division this week than usual, and the supply is also larger, 72 cars in four days. The market gained 10 to 15 cents last week on steers, and is 10 higher this week, strong today. Bulk of steers have sold this week at \$3.90 to \$4.40, top for each day being from \$4.35 to \$4.45. Cows have been scarce, the market only tested on one day, Tuesday, when cows sold from \$3.10 to \$3.50, some fair to good cows at \$2.65 to \$2.90, fed bulls \$2.35 to \$3.15, a load of steers at \$3.25, veals up to \$6.50, heavy calves \$4.50. All around the market has been better this week than in more than a month. Packers have to admit an extra heavy demand for dressed meats, and the market in the native division has a strong tone, although there were declines on steers Tuesday and on cows today. It was only temporary, and the best judges predict higher prices right along now.

Hog receipts are liberal, 45,000 in four days, 13,000 today; market averages best of the winter this week, although closing weak today. Top prices today \$5.37 1/2, bulk of sales \$5.20 to \$5.32 1/2, pigs usually selling in with loads, and practically nothing below \$5.10. Sellers are optimistic in the hog line also, as well as in cattle, as it is a fact that we are getting no more hogs now than we received a number of years back, while the consuming population is steadily and rapidly growing, and everybody is working just now.

Sheep are strong this week, lambs 10 to 20 lower in the last two days. Receipts are heavy, 35,000 in four days, but packers are taking good care of them and competition is keen all the time. Fed western lambs sold at \$7.35 today, yearlings \$6.50, wethers \$6.10, ewes \$5.60, and big bulk of sales are within 25 to 35 cents of these figures. Goats bring \$3.00 to

\$2.75, feeding lambs \$5.75 to \$6.25, wethers \$4.50 to \$5.00.

THE TULSA LEAD FIND.

The Strike of This Metal Has Excited the People of That Town.

The strike of lead at Tulsa is the chief topic of conversation on the streets. If it should turn out that Tulsa is in a lead center there is a boom in prospect for the city that will make the present substantial growth fade into the background.

The ore was found about five feet below the surface of the ground, between two ledges of rock of parallel trend. The general formation of rock about here is a bastard or blue limestone very similar to the formation in the Kansas and Missouri lead fields.

The samples of ore taken out are of the first quality, according to the opinion of experts who have examined them.

There is strong indications of a good lead although it may be necessary to go down deep to obtain ore in paying quantities.

C. O. Frye, on whose place the discovery was made, himself an expert on lead ore, having lived in Japan several years. He is confident there is a good deposit here. Today he left quietly for Joplin, very probably to confer with mining experts relative to making additional tests.

TRIED PICKING MACHINE.

Contrivance for Picking Cotton Not a Perfect Success.

Paris, Tex., Jan. 13.—The cotton picking machine which was brought here from Chicago and given a trial in a field near Paris under supervision of the president of the company which manufactures it, was not an unqualified success. Weather conditions were against it, but practical men who saw its work, declare that it will have to be improved before it can be put in the field to compete with hand pickers.

As one farmer who watched it remarked: "The negroes haven't lost their jobs yet."

The machine was loaded on the Texas & Pacific railway yesterday and was taken west, but the owner did not say to what place he expected to take it.

All musical instruments except pianos and organs at exact cost for a few days to close out.

LITTLE GIRL MANGLED.

Horrible Death of Child Thrown From a Pony.

Hennessy, Tex., Jan. 13.—Violet Brashear, the only daughter of Mrs. Esther Brashear, who lives near this place, was thrown from a pony and instantly killed. She was 5 years old and was riding behind a larger girl when their pony became frightened and threw the larger girl, who sustained no injury. Violet's foot caught in the saddle girth and she was dragged against a wire fence for 100 yards when the girth broke and the little mangled body was thrown over the fence with many broken bones and life extinct.

And She Dropped Dead.

Jackson, Miss., Jan. 13.—While Wesley Powell, a negro, was beating his wife today, his mother-in-law, Jennie Richardson, appeared on the scene. Powell pointed his pistol at her and she dropped dead from fright.

Street Fight at Hugo.

Hugo, I. T., Jan. 13.—(Special)—A street fight occurred here this morning that came very nearly resulting fatally. A deaf cobbler, named B. Redus, while drunk made himself objectionable around the store of J. L. Pound on Jackson street. Pound put him out whereupon Redus commenced swearing at him and finally when Pound made a move to hit him Redus drew a revolver and shot at him missing him by a hair. Bystanders scattered and deputy city marshal J. T. Deweese promptly arrested Redus.

Croup is quickly relieved, and whooping cough will not "run its course" if you use the original Bee's Laxative Honey and Tar. This cough syrup is different from all others because it acts on the bowels. You can not cure croup and whooping cough until you rid the system of all congestion, by working off the cold through a copious action of the bowels. Bee's Laxative Honey and Tar does this, and cures all coughs, croup, whooping cough, etc. No opiates. Sold by City Drug Store.

We always have a line of good buggies in stock and sell at low prices and liberal terms.
